FRANKE

MAKE IT WONDERFUL WITH FRANKE

Franke makes traditional, top-quality and down-to-earth products that accompany us in our daily lives. Our brand promise to you is; whether you are business partner or an end user, we make your everyday life a little less ordinary. As our products are subject to high usage and daily wear and tear so we strive to make these everyday objects durable, reliable and beautiful. That's what 'Make it Wonderful' stands for.

MAKE IT WONDERFUL WITH FRANKE

OUR EXPERIENCE

Franke Sissons has provided innovative, practical and durable solutions to contractors and specifiers for over 230 years. Our mission is to be a world leading provider of intelligent washroom solutions to the public, semi-public and commercial sector.

With a complete range of sanitaryware including urinals and WC's, washbasins and integrated stylish accessories, our products are suitable for any office. The standard and bespoke products within the Franke commercial washroom range are scalable to match the size and scope of any project.

CASE STUDY

FRANKE PRODUCTS HELP TO TRANSFORM ICONIC BUILDING FOR YOUTHSCAPE

Products from Franke, the leading brand name in kitchen sinks and washroom systems, were chosen for the ground breaking £3.2 million development project of the disused Bute Mill office facility for Youthscape: a charity which works with young people across Luton.

"Product quality and uniqueness were huge factors in deciding which suppliers to choose for such a prestigious project and with a brand name like Franke, we knew we would get the best quality that would last for years to come" commented Chris Curtis, Chief Executive of Youthscape.

Franke's designer Xinox stainless steel accessories were chosen for the bathrooms and undermount stainless steel sinks and co-ordinating taps have been installed in the kitchen areas. Xinox is a range of high end washroom accessories designed and manufactured by Franke with the unique INOX Plus treatment for the reduction of dirt and fingerprints and provides the ultimate in style and design features. Products in the range include soap dispensers, paper towel dispensers, waste bins and a hand dryer, as well as touch free options.

MIRANIT WASHBASINS

Washrooms in offices, factories and other workplace environments can be an important experience for users, from customers to employees. Franke's Miranit washbasins are both robust and aesthetically pleasing to cater for all users.

Cast in a single mould without adhesive seams or joints Miranit offers an elegant appearance and highly durable finish. The smooth, pore free, and easy to clean gelcoat surface is extremely hardwearing and will continue to impress for years to come.

Miranit is a stable compound consisting of approximately 80% natural minerals such as marble, sandstone and quartz sand as well as approximately 20% high quality unsaturated polyester resin. Quartz is one of the hardest materials and constitutes a large part of the earth's crust. The final product is highly stable, and in combination with the unsaturated polyester resin, has very good forming characteristics to facilitate easy production into cast moulds.

The QUADRO range

The EXOS. range

STANDARD MIRANIT WASHBASINS

Advantages compared to other products

- A unique composite material with high gloss or solid matte finish
- Standard or bespoke sizes and shapes
- Up to 3.6 metres can be achieved in a single mould without seams or joints
- Additional integrated accessories - optional soap dispenser, paper towel dispenser, waste disposal flap/barrel, towel rail
- Can withstand temperatures up to 80°C
- Commercial grade
- Franke 'Water Systems' - one solution for the commercial washroom: taps (manual/sensor), all washroom accessories, urinals, WCs and many more products...

IDEAL FOR FACTORIES

We also offer a complete range of stainless steel products, ideal for factory washrooms and other high usage places of work. Products include stainless steel washtroughs circular/semi-circular washtroughs, WC's and urinals as well as a complete range of other washbasins. Manufactured from grade 304 stainless steel they provide durability and longevity. Incorporate these with some of our coordinating accessories and complementary taps to achieve an aesthetically pleasing washroom.

BESPOKE MIRANIT WASHBASINS

Our bespoke offer is a choice of four different bowl shapes, which can be seamlessly moulded into a strikingly graceful washbasin top with a material thickness of just 25mm and up to 3.6m in length.

There is almost no limit to the variation of ideas; flexible washbasin length, a choice of bowl shape, number of bowls and bowl spacing. The different designs (with or without tap landing) also provide the opportunity to include a wide range of accessories to obtain the chosen result. You can even choose from two different materials.

THE CHOICE IS YOURS

SOLID MATTE MATERIAL

Made from 2/3 aluminium hydroxide (ATH) and 1/3 polyester resin and the same colour all the way through, the matte material offers a high level of scratch resistance.

- Easy to repair, easy to clean, durable, fracture proof and scratch proof
- High stability with low material thickness
- Material coloured all the way through

WHITE WITH GELCOAT SURFACE

Made from 80% natural minerals and approximately 20% high quality unsaturated polyester resin. The core is surrounded by a pore free smooth high gloss Gelcoat layer.

- Hygienic surface finish which is temperature resistant up to 80°C
- High gloss Gelcoat layer
- Easy to repair and clean
- Durable and fracture proof
- High stability with low material thickness

Corner Convex Design

OTHER OPTIONS TO CONSIDER

- Number of bowls
- Distance between bowls
- Length of washbasin
- Depth of washbasin
- With or without raised back edge
- Apron height
- With or without tapholes

INCORPORATE ANY ACCESSORIES

- Soap dispenser
- Towel holder
- Paper towel dispenser
- Waste disposal barrel
- Waste disposal flap

Our RIBA approved CPD 'A new generation of commercial washbasins and washtroughs' will help you understand the benefits of specifying this material.

Not all choices of bowl shape are available in every style of washbasin.

INTEGRATED ACCESSORIES

Complete the washroom with modern practical accessories including: soap dispensers, hand dryers, paper towel dispensers, towel rails and toilet roll holders amongst many others. The hygienic properties of stainless steel make it easy to clean and maintain whilst the contemporary appearance complements any style of washroom. With four distinct ranges and matching hand dryers, there is an option for any style and budget.

RODAN

The timeless design of RODAN stainless steel fixtures with their angular side profiles lends itself to the contemporary decor of heavily frequented washrooms.

STRATOS

The unique curved front cover defines the STRATOS range of products along with the InoxPlus surface treatment on the front cover reduces the appearance of dirt and fingerprints, making them exceptionally easy to clean.

XINOX

With its curved edges and distinctive shadow gap, the XINOX range is particularly stylish and has the added benefit of having the InoxPlus surface treatment on all surfaces. This reduces the appearance of dirt and fingerprints, making them exceptionally easy to clean.

EXOS

EXOS is the latest range from Franke and is the ultimate in high design with interchangeable fronts made of high quality InoxPlus coated stainless steel or toughened safety glass in Black or White.

FAST DRYING ENERGY EFFICIENT HAND DRYERS

Our range of touch free hand dryers use the latest technology that dries hands in record time and are available both in 'hands in' and 'hands under' options with different finishes.

AIRBLAST HAND DRYER

- Ideal for retro-fit as larger body covers screw holes
- Internal switch enables a choice of cool air at 550W or warm air at 1400W
- Unique blue LED light when in use
- Available in 4 different colours; white, black, polished or satin stainless steel

ECO-AIRBLAST MIDI PLUS

- Dries hands quickly in approximately 8-14 seconds
- Energy efficient at only 1250W or 550W
- Low cost to run of only £19 a year for 550W or £32 a year for 1250W
- Built in ioniser purifies the air

DRYX500

- High speed 'hands-in' hand dryer for wall mounting.
- Drying time 7-10 seconds, adjustable air speed, optional warm or cold air.
- Auto shutdown after 25 seconds. 1250-1650W
- Water catchments and system to prevent water dripping onto the floor
