Heatlight VLP15 infrared paint dryer

Victory's Heatlight range of automotive paint dryers has many options for both large and small jobs. The VLP15 is a three-lamp stand-mounted automotive paint dryer, perfect for small repairs, or as an additional heat source or spot drying unit to complement larger systems. Lowered on its stand, it is ideal for drying hard-to-reach areas such as sills, bumpers and lower areas of the vehicle.

VLP15

The Heatlight VLP15 is a single cassette unit fitted with 3 x 500W Gold shortwave infrared

R7s lamps. It can be used for many small drying tasks such as engine drying, strip removal, filler drying, stone chip repairs and preheating prior to spraying.

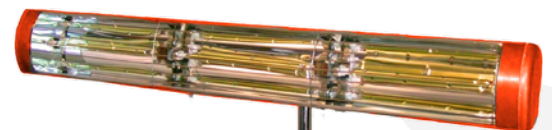

Flexible, efficient drying

- Fitted with 3 x 500W Short wave Gold lamps
- Wide angle Hi-light reflector
- 3m of flexible cable
- Built-in isolating switch
- Optional (6ft) chrome plated stand
