

## VLRW15 infrared heater

Suitable for use all year round the VLRW15 range use the latest high efficiency Gold Lamps to provide a cost effective way to provide instant heat. They are ideal for workshops, garages, packing areas, church halls, shops, warehouses and with an IP24 rating can be used in most outdoor situations.

With the click of a switch the VLRW15 heater provides instant warmth, and is designed to blend in with a variety of domestic, commercial or industrial working environments.

The VLRW15 has a silver coloured body and an aluminium back reflector. It is lightweight and simple to install, being supplied pre-wired with a 1.5KW short wave infrared Gold lamp, a stainless guard and a wall mounting bracket.

### Simple, effective heating at a competitive price

- Multi purpose
- Lightweight
- Cost effective to run
- Maximum heat output

VLRW15
